This 1 week class will cover the following subjects;

- Pointers on test taking
- How to organize and tab test references
- In-depth practice sessions from test references
- Practice tests
- Duct Design
- Mechanical Code Review
- Refrigerant Piping Design
- Load Calculation Review
- Ductulator Use
- Fuel Gas Code Review
- Administrative Code and Mechanical Contractor's Regulation Review
- OSHA Regulation Review
- Psychometric Chart
- Boiler, Hot Water Heating Systems

Reference Materials will be required for class. Contact me for ordering.

Class Dates: Week of March 22, 2021.

Times: 6:00PM to 8:00PM
